

## 2011/2012 FALL/WINTER SPORTS FIELD ALLOCATION RECOMMENDATIONS

Below is a listing of organizations, the number of participants and the fields proposed per organization. Field recommendations are categorized by primary field use by that organization. Those categories are Soccer and Football field users, 60' and 70' softball/baseball diamond users, and 80' and 90' baseball diamond users. Listed participation levels only relate to the users of that particular category.

These recommendations are for all youth, Pee Wee City sponsored sports organizations and Park and Recreation Commission approved non-City sponsored sports organizations that have submitted sports field request forms. The priorities considered were: 1) In-season vs. out-of-season, 2) 2010/2011 Fall/Winter participation levels, 3) Fields requested, 4) Available parking, and 5) Appropriate field use.

The above organizations are required to submit complete rosters with addresses or other residency information to insure that their organization meets the residency requirements established by the Park and Recreation Commission and the City Council.

NOTE: One field is considered to be equivalent to 17 hours of use during the Fall/Winter season. Fields will be allocated from 8/1/11 - 1/28/12. Fields will not be allocated for dates prior to or after those dates during this process.

PARK SITES: Most available parks have been requested and allocated within this recommendation.

SCHOOL SITES: School sites are not available prior to 5:30 p.m. Monday – Friday and 10:00 am – dusk on Saturday unless school administration approves of different time. Most available school sports fields have been requested and allocated within this recommendation.

2011/2012 FALL/WINTER SPORTS FIELD ALLOCATIONS

To all sports organizations that utilize school facilities: The vast majority of the youth groups are using school facilities without providing any monetary or in-kind support to the maintenance or repairs of the facilities. Please be aware that schools are asking for your help in some of these areas. Remember, as a user of the facility you are adding to the wear and tear of the facility and increasing their maintenance expenses. You, as a user, may consider a donation of in-kind services for use of your home school sites.

More and more school sites are experiencing problems with the use of their facilities. Remember, these are schools whose primary function is to serve as an educational institution. They are willing to make available their facility for your use. However, schools are beginning to restrict that use due to practices/games occurring on nights when school functions are taking place. Those practices/games have been taking all of the schools parking from them. If the school has asked you not to use their facilities on special days or nights please follow-up and insure that your scheduler and coaches don't utilize that site for games or practices that day.
